

## **Boutique Clothing**

We have designated rack space for boutique clothing. These will be items that come from children's boutiques or high-end department stores like Nordstroms or Neiman's.

There are some things to remember when tagging these items. First, make sure the category you choose is either "Boy's Boutique" or "Girl's Boutique". This will ensure that the item is put in the right section by our volunteers working the discard racks. If the item is a European brand, choose the American equivalent for the size and explain the difference in the description (i.e. Tag says 7Y but fits like a 6).

Once you print your tags, please highlight the category so our discard volunteers can easily see that it goes on the boutique rack.

**Examples of Boutique lines:** Cach Cach, Biscotti, Oilily, Luli, Mulberribush, and MeToo. For other examples, go to [www.achildscloset.com](http://www.achildscloset.com) or the Nordstroms or Neiman's websites.

**These brands are NOT considered boutique:** Janie and Jack, Gap, Gymboree, Ralph Lauren, Tommy Hilfiger, Dillard's or Macy's brands, etc.
